Tower of Power

– SILVER SELECTION –

The Silver Selection is an exclusive and sophisticated ToP version with grey-metallic sides and an illuminated grey-scale illustration. Open the glowing door and you will find 52 extra long tubes covered by frosted acrylic sheets. This vertical beauty is fitted with "CTC-Computerized Temperature Control" and built in "Central Filter", unique features that dramatically improve the tanning result. The high-pressure fan placed in the ceiling makes the tanning session a cool experience. Both speed and the direction of air stream can be adjusted. The Silver Selection always invites clients with an illuminated logo and night light.

Made in Sweden

52 UV-lamps measuring 2 meters and a perfect oval shape ensures a very fast and deep tan.

For highest tanning result this unit is fitted with CTC-Computerized Temp. Control.
